

# Viking Drain & Odor Control System

Dispensing Systems For Grease-Digesting Chemicals (Bacteria, Enzyme, Solvent) & Odor Suppression Chemicals

DC model shown with EZ connect battery pack

## Common Applications

Grease traps, drain maintenance, odor control, dumpster, trash chutes, food service, lodging, food processing, lift stations, call for feasibility of other applications.

## Scental Plus Spray Version Available

- Odor Control for Trash chutes and Dumpsters
- Squeeze tubes available; EPDM, Supertube (PVC) and Viton

## Drain Chief Plus

Control System for Dispensing Grease-Digesting Chemicals or Enzymes

Viking is leading the industry with field-proven drain and odor control chemical dispensing systems. Viking's Drain & Odor Control Systems are known for their reliability and durability in the field. They are backed by a solid one-year warranty. The Viking Drain Chief Plus combines all the required features of our existing drain and odor control products with advanced, yet easy to use features such as, a digital programming display, multiple chemical pump options, quick change pumps and a quick service battery pack with low battery alerts. Drain Chief Plus is easily adaptable for odor suppression and deodorizing needs, with a quick programming change and a part swap, known as the Scental Plus.

## Features & Benefits

- Common sense, easy to understand and digital programming
- 24/7 battery monitor with low battery warning
- Water resistant components for under counter and low wall installations
- "Plug-n-go" electrical hookup for quick and easy connect/disconnect
- Tool less quick change pump
- Fast snap mounting bracket to quickly remove/reattach unit from wall for preventative maintenance
- Easy switch between odor suppression & drain maintenance modes through simple programming
- Odor suppression mode uses a brass nozzle with configurable spray pattern for stream to mist adjustments

DRAIN & ODOR CONTROL

## Fittings Available

- Plastic Compression fitting for simple drain pipe connection
- Brass spray nozzle for odor control- Adjustable stream to mist; Can be bulkhead/bracket mounted

## Drain Chief Plus can be ordered with the following configurations:

- Drain or Odor Control
- AC wall power (115/230VAC) or Battery Power
- Three different squeeze tube choices:

### Squeeze Tube

E = EPDM Squeeze Tube

P = Supertube (PVC Squeeze Tube)

V = Viton Squeeze Tube

Battery Connection

Brass Spray nozzle  
\* Available with  
Scentnal Plus only

Plastic Compression fitting  
\* Available with  
Drain Chief Plus only

SPECIFICATIONS		
Main Power	12 VDC - 2.0A min from 8x D-cell batteries or 115 VAC or 100-240 VAC wall adapters	
Motor/Solenoid Rating	12 VDC - 1.25A max.	
Enclosure Material	ABS	
Shipping Wt. (AC)	5.0 lbs	2.3 kg
Shipping Wt. (Battery)	6.1 lbs	2.8 kg
Installed Wt. (AC)	2.7 lbs	1.3 kg
(w/ batteries)	3.4 lbs	1.6 kg
